Turves Green Girls’ School is a wonderful place to work and to study. We are a cooperative school, part of the Endeavour Cooperative Trust, which means we put values such as honesty, integrity and a belief in community at the heart of what we do.

We have three aims for all the children who are part of our school: that they are happy, that they feel safe and that they are able to fulfil their academic potential.

We believe in nurturing our children’s talents and supporting their ambitions. In order to do this effectively we ensure a calm and purposeful environment in our classrooms and around our school.

These foundations have seen our school’s achievements surpass all expectations - from the academic (amongst the best GCSE results in the city in key subjects), through to the sporting (recent years have seen our Under-16 Netball Team win the 2014 Regional Championship, and our Year 8 Athletics Team win the Birmingham Championships in the NIA) through to our young people progressing into further and higher education (96% of our Leavers sustained a place in education, far higher than the Birmingham and National figures).

Our partners in the Endeavour Cooperative Trust include colleges and universities - this means that children at our school experience opportunities and facilities simply unthinkable compared with my own, now distant, memories of school.

Richard Crookes, Headteacher

Welcome

Turves Green Girls’ School is a wonderful place to work and to study. We are a cooperative school, part of the Endeavour Cooperative Trust, which means we put values such as honesty, integrity and a belief in community at the heart of what we do.

We have three aims for all the children who are part of our school: that they are happy, that they feel safe and that they are able to fulfil their academic potential.

We believe in nurturing our children’s talents and supporting their ambitions. In order to do this effectively we ensure a calm and purposeful environment in our classrooms and around our school.

These foundations have seen our school’s achievements surpass all expectations - from the academic (amongst the best GCSE results in the city in key subjects), through to the sporting (recent years have seen our Under-16 Netball Team win the 2014 Regional Championship, and our Year 8 Athletics Team win the Birmingham Championships in the NIA) through to our young people progressing into further and higher education (96% of our Leavers sustained a place in education, far higher than the Birmingham and National figures).

Our partners in the Endeavour Cooperative Trust include colleges and universities - this means that children at our school experience opportunities and facilities simply unthinkable compared with my own, now distant, memories of school.

Richard Crookes, Headteacher

Please call 0121 464 8346 to meet with me and to tour our school.
The dramatic academic transformation of the school has happened because of our staff. Our teachers are committed, highly motivated and talented classroom practitioners. Many of our teachers are graduates from the Outstanding Teacher Programme, and all benefit from great staff training, often supported by our cooperative trust partners Cadbury College and Worcester University.

Our students make great progress because teaching is tailored toward individual needs. Our most able students are constantly challenged to further develop their knowledge and skills, whilst young people who arrive in our school with lower levels of literacy and numeracy are given the support they need to make fast progress, not easy work which would mean they fall further behind.

This approach has seen our school named as one of the 200 most improved schools in the country twice in the last few years, and has seen progress (how far children move from their start points) move well beyond similar schools, according to the DFE Performance Tables.

“Relationships across the school are strong and founded on respect.”

Ofsted
Students are courteous, polite and helpful.

Ofsted

Because we understand that to be confident and successful you first need to feel happy, we devote a great deal of energy into making sure our new Year 7s feel at home, and that their parents don’t feel that sudden loss of connection that often comes with the transition to secondary school.

Head of Transition and Year 7, Erica Reeves, having experienced Year 6 to Year 7 transition as a parent, is always on hand to support the children as they settle in. She is constantly talking to staff, identifying children who are feeling the shock of the change of school and to parents, letting them know any minor issues that arise and being a friendly face for parents to raise any anxieties they may have about their daughter’s friendships or school work. Most of all, Mrs Reeves takes the time to talk to the children, to reassure and encourage, to help overcome the uncertainties and celebrate the small successes.

Pastoral Care - Introducing Erica Reeves

Mrs Reeves leads a team of specialist Year 7 Form Teachers, who strive to get to know every child in their form. Parents often comment on how much they welcome the chance to chat with their daughter’s form teacher at the Support Your Daughter Evening, early in their daughter’s time in our school. Pastoral support at Turves Green Girls’ plays a huge part in the success of our students. From the mentoring and support offered by our expert Learning Mentors, Sharon Purchase and Sharon Murphy, through to the high standards of behaviour actively encouraged by the Heads of Year.

We do not tolerate bullying and encourage our students to take on a full part in helping each other and the school. Our Year 10 ‘Aunties’ are always on hand to help our Year 7s find their way, build new friendships and be a friendly face. Some students become ‘peer mediators’ helping younger students resolve fall-outs. Some Year 10s become ‘ARnties’, helping younger students in school develop their reading, as part of the Accelerated Reader (AR) programme. Teams of Year 9s spend time in Colton Primary School, helping the children there develop their reading. Meanwhile, some of our Year 11s step up to become Prefects - our school’s ambassadors. Students from all age groups work on charity fundraising, organising events for their peers and representing student views on the Student Cooperative Council.
We believe that children need the chance to discover their strengths and passions. Therefore we believe in a broad and balanced curriculum, rather than an ‘exam sausage factory.’ The confidence and belief that some children find in Dance or Athletics or Drama or Art is not a distraction from Maths and English - it enables success in these core areas.

We are one of the few Birmingham schools to be awarded the ‘Arts Mark Gold’. Make sure you ask to see our Art Department when you visit our school!
Fun Activities

Our list of clubs and enrichment activities is a remarkable testament to the enthusiasm of our students and the commitment of our staff:

- Cricket Club
- Junior Singing Club
- Homework Support
- Maths Club
- Singing Stars
- Spanish Club
- Computer Code Club
- Orchestra
- Basketball
- Cheerleading
- Tennis Club
- Football
- Street Dance
- Rock Band
- Art Enterprise Club
- Textiles Club
- Keyboard Club
- Rounders Club
- Athletics Club
- Debating Society
- Student Cooperative Council
- Dance Club
- Junior Drama Club
- Senior Drama Club
- Chess Club
- Rock And Pop Singers

Sports Success

Despite being a small school with limited resources, our children enjoy a reputation across the city for sporting excellence. For example, in February 2015, after winning the District Championship against local schools, the Year 7 and 8 Indoor Athletics Teams took on the best schools in the Birmingham School games at the NIA.

Out of all the district winners in Birmingham the Year 7s came an impressive 4th. The Year 8s won the whole thing, qualifying for the Midlands Finals - and then on, we hope to the Nationals!

Our record at netball is impressive; with our senior team winning the County Championship, District League and Cup Competition. Our senior team are currently one of the most successful teams in the Midlands.

The key to our success is making sport fun and accessible for all our children, and creating an environment where our successes are shared.
Many of us have fond memories of school trips and when we look back on our school days it is often the trips and extra-curricular experiences that we remember most. On school trips you get to really know your friends, you get to really trust your teachers and you learn all sort of things that cannot so easily be learned in a classroom.

Students are fortunate at Turves Green Girls’ School to have so many staff members who understand how important trips are, and the school empowers them to organise trips and events. An audit for 2014 revealed that sixty eight separate trips took place at TGGS involving almost 80% of our children on one or more educational visits in 2014. Everything from a Y7 residential to France and Year 11 kayaking in the Brecon Beacons, through to visits to theatres, museums, art galleries and sporting events.

The Importance of Educational Trips

Whilst we are a small school, where we know all our students’ names, we are part of the Endeavour Cooperative Trust, together with Cofton Primary School, Cadbury College, Bournville College.

We are the only cooperative trust secondary school in Birmingham, and it allows our students to enjoy remarkable opportunities, such as our Year 10s using the radiation labs at Cadbury College, our entire Year 8 experiencing a day at college and so on.

As a cooperative trust school, we encourage all our stakeholders - parents, staff, students and the local community - to attend our Forum meetings to help shape the future of our school.

“The key to successful trips is careful planning to ensure trips offer best value for money and keep it affordable for families. Trips shouldn’t be just for some of our students - everyone should have these opportunities.”

Carl Smith, Educational Visits Coordinator,

The Endeavour Cooperative Trust

Turves Green Girls’ School - Together We Succeed
Our uniform is straight-forward and affordable. It is available to purchase from the following stockists at very competitive prices:

- Kids Essentials - Northfield
- Colliers - Northfield
- Clive Mark - Kings Heath

Parents have the freedom to buy school uniform from other outlets.

We also keep a stock of second hand uniform in good condition - please contact Sharon Purchase (0121 464 8346), if financial issues mean you require confidential assistance.

Supplier details:

Soccer Kings of Stourbridge
Main contact - Dave King
112 Brettell Lane,
Amblecote, Stourbridge,
West Midlands, DY8 4BS

Contact Number: 01384 374004

We follow the Birmingham Local Authority guidance on admissions. For your daughter to join our school at the start of Year 7, please indicate a preference for our school on the Local Authority form (return by 1st October).

For in-year admissions (if you have moved into the area or have other reasons for seeking a change of school for your daughter), please call Donna Smith (0121 464 8346) or collect a form from our reception.

Visit our website for open evening details: www.turvgng.bham.sch.uk

**We welcome visits during the school day - so you can see our school in action. Please call 0121 464 8346 to arrange a tour with the Headteacher, Richard Crookes.**
The Special Educational Needs Department works exceptionally hard to make sure all of our young people are able to access their learning and find success in their studies. We do this through building close relationships with young people and their parents, making sure that parents feel part of their daughter’s journey through school.

Our team of Teaching Assistants combine experience with enthusiasm, with expertise ranging across a wide range of needs. Please contact our Special Educational Needs Co-ordinator, Carolyn Martin, via the school office, to have a tour of our facilities and to meet the team.

Our Most Able

Amy Savage, our Most Able Lead Teacher, works with many of our students to tailor programmes of support, including working with Birmingham University and Worcester University, to make sure these children are pushed to fulfil their potential.

Contact Amy via the school office, to discuss our Most Able programmes and how your daughter may benefit.
We understand that children do best when families and school work closely together.

Family Learning
We run a Family Learning session for one hour a week - focusing on Maths / Numeracy for the first part of the year, and English / Literacy for the second half. In these sessions our specialist Family Learning Co-ordinator works with parents and their daughters on these skills in a friendly, supportive environment.

Staff from our Endeavour Cooperative Trust partners, Bournville College, help run these sessions which also include parents receiving Key Skills Qualifications, greatly valued by employers.

Homework Drop-In
In addition to homework support clubs for the children, we also run a homework drop-in one afternoon a week after, where parents can drop in with or without their daughter to talk through a particular homework or get some advice or support on the work their daughter is doing in class.

Breakfast Club
A warm breakfast for next to nothing (and free for students on Free School Meals) is available for all children in our daily Breakfast Club, open from 7.45am.

Our canteen serves a wide range of healthy and tasty options, which includes vegetarian and halal alternatives.

Please visit our website for a full list of school policies. Our website is also packed full of information about pupil achievements, the latest news from our school and useful info like term dates and times of the day.

“Parents and carers are very supportive of the school.”

Ofsted
We are accessible from the Bristol Road with the 63 bus route running from Birmingham to Frankley along the Bristol Road and the 47 bus route running from Birmingham to Cofton Hackett which stops directly outside the school.

If there is demand for a school mini-bus from, for example, Waseley, we can arrange this. Please let us know if you would like to discuss transport from your area.
